## LINING UP FOR GOVERNOR

FOUR DEMOCRATS AND MAYBE FIVE SEEK HONOR OF DEFEATING MORROW.

SITUATION STILL UNSETTLED

Black and Rhea Both To Make Opening Speeches On Next Saturday.

Louisville, Ky., May 13.—Within the next thirty days, in the opinion of students of Kentucky politics, and perhaps sooner, one may form a pretty accurate opinion as to who is going to win the Democratic nomination for Governor. By this time next week, perhaps, all the candidates will have delivered their opening speeches and then they will be up for discussion by the voters. Col. H. H. Denhardt, of Bowling Green, and Judge John D. Carroll, of Newcastle, already have opened their campaigns formally, and Thomas S. Rhea, of Russellville, and Lieut. Governor Jas. D. Black will make their initial campaign speeches Saturday, Mr. Rhea at Frankfort, and the Lieutenant Governor at Richmond.

By that time perhaps, Lieut. Gov. Black will have become Governor, as Gov. Stanley is scheduled to leave shortly for Washington in order that he may take up his duties as United States Senator with the opening of the extra session of Congress.

In the meantime there is a strong probability that Col. S. M. Wilson, of Lexington, may enter the contest on a platform differing from the others on prohibition and woman suffrage.

## SIR BARTON WON KY. DERBY

Billy Kelly, From Same Stable, Finishes Second; Favorite Is Tenth.

Louisville, Ky., May 10.—Sir Barton won the forty-fifth Kentucky Derby over a muddy track at Churchill Downs Saturday evening, gaining for his owner \$20,825. The time was 2:09 4-5.

Billy Kelly, from the same stable as Sir Barton, both owned by Commander J. K. L. Ross, of Canada, finished second, and Under Fire finished third.

Vulcanite finished fourth, while other good contenders gained a good distance back.

Eternal, J. W. McClelland's horse, which was the public choice, ended in tenth place, while Vendex came under the wire last.

More than 50,000 people, the largest crowd in the history of the track, were present to see the race.

The Derby summary follows:

One and one-quarter miles. The Kentucky Derby; \$20,000 added. For three-year-olds; allowances. Start good. Won easily; second and third handily. Went to post 5:10. At post 5 minutes. Winner, J. K. L. Ross' ch. c., Star Shoot—Lady Sterling. Trained by H. G. Bedwell. Value to winner, \$20,825; \$2,500 to second; \$1,000 to third.

The horses finished as follows:

Sir Barton, first; Billy Kelly, second; Under Fire, third; Vulcanite, fourth; Senning's Park, fifth; Be Frank, sixth; (Sailor, seventh; St. Bernard, eighth; Regalo, ninth; Eternal, tenth; Frogtown, eleventh; Vendex, twelfth.

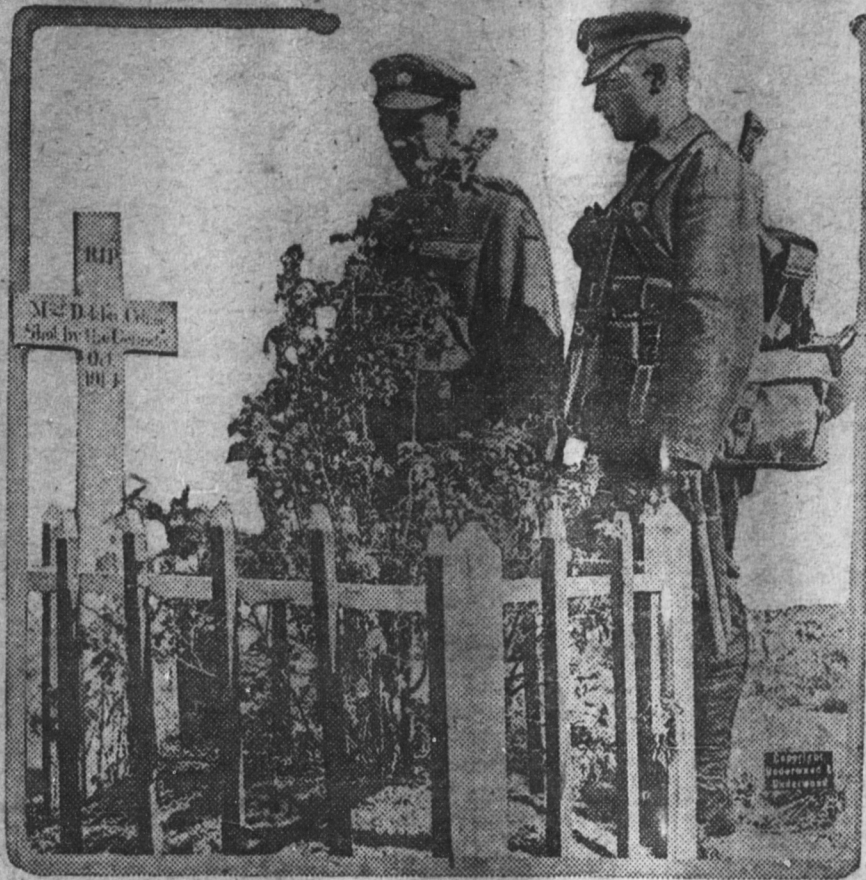

Two-dollar Mutuels Paid—Ross enary (Sir Barton and Billy Kelly), straight, \$7.20; place, \$6.70; show, \$6. Under Fire, show, \$10.

Sir Barton moved into the lead at once and, well handled, was restrained until reaching the stretch, where he was hustled some and held Billy Kelly safe in last eighth. Bill Kelly held to his task well, was under restraint in early stages and finished gamely when urged, but was not good enough for winner. Under Fire gained steadily from a slow beginning and finished gamely. Vulcanite went well. Eternal was done for after going three-quarters. Regalo went disappointingly. Denning's Park curled in the stretch.

Firm Is Not Criticized.

Lexington, Ky., May 6.—Silas B. Mason, of the contracting firm of Mason & Hanger, today said the investigation of costs of construction of the Old Hickory powder plant at Nashville did not affect his firm and that it had not been subjected to criticism of government officials.

## REVIVAL HAS BEGUN

VIOLETTE-HOHGAT MEETING AT CHRISTIAN CHURCH NOW UNDERWAY.

SEVEN ADDITIONS SO FAR

Meeting Will Continue For Two Weeks With Evening Services.

Began last Sunday. Dr. E. E. Violette, of Kansas City, Mo., and Prof. C. H. Hohgatt, Montecello, Ill., are leading the Ninth Street Christian Church in a very enthusiastic and inspiring revival meeting. Two very large audiences greeted the evangelist last Sunday, and last night the capacity of the auditorium was taxed to the extreme.

The sermon on the "Unpardonable Sin" by Dr. Violette last night was a clear, forceful and convincing discussion of this very interesting theme. Prof. Hohgatt who comes to assume the Superintendency of the Religious Education and Music in the Ninth Street Christian Church, is captivating his hearers with splendid tenor solos. This church is extremely fortunate in securing the services of Prof. Hohgatt, and there is no doubt but what the music of the Ninth St. church throughout the year will be of the highest type that can be found anywhere. A large chorus is being organized, improvements being made in the Choir loft, and the piano and pipe organ are both being used in the musical services.

There have been seven additions, so far, at the first three services, and the meeting has had a most auspicious beginning. Dr. Violette is one of the most eloquent evangelists that has ever visited our city, and his terse style and clean cut speech is indeed refreshing and attractive. His sermons are brief, bright and practically to the point. Everyone who has heard him is loud in his praise for this distinguished evangelist. The meeting will continue for two weeks more.

## FLYERS TAKE PRECAUTIONS

America's Hydro-Airplanes to Carry Six Men and Have Extra Propellers.

Trepassey, N. F., May 13.—The American Navy's hydro-airplanes will set out on their trans-Atlantic flight carrying, if possible, crews of six men instead of five, as originally planned, and with extra propellers aboard. Commander John H. Towers, chief of the expedition, announced in a statement detailing precautionary measures adopted to insure, as far as possible, completion of the projected non-stop cruise to the Azores.

## MR. ANDERSON PROMISES AID

Knoxville Millionaire Merchant Interested in The West Side Baptist Church.

Mr. Jas. H. Anderson, of Knoxville, spent Sunday in the city and attended services at both of the Baptist churches. In the morning he briefly addressed the Men's Bible Class of the First Church Sunday School and in the evening spoke at the Second Church on "Stewardship." In the course of his remarks he said that he had ceased to be a mere tither but was now giving all he made to the Lord and had provided in his will that all future accumulations should be given to the Lord. That he had been blest with enough for all his needs and instead of retiring he would work on for the Lord. He announced his intention to help the Second Church erect their new building. The church was organized a few years ago from the First Church and is to be helped materially by the First Church members. Mr. Anderson's voluntary proffer of aid was received with much satisfaction.

## DEMONSTRATION IN COOKING

At Methodist Church By Mrs. Martha Potter, of Bowling Green, Tuesday Afternoon

Yesterday afternoon at 3 o'clock at the Methodist church, Mrs. Martha N. Potter, of Bowling Green gave an interesting and instructive lecture and demonstration to the ladies of Hopkinsville and Christian county on various methods of cooking.

The cooking demonstration was held in the kitchen of the Methodist church and proved highly beneficial to the housekeepers who attended. This is the second of a series of six lectures that are being given through out the various counties in Kentucky on the subjects of general interest and instruction and interest to housekeepers. These lectures are sent out by the State Agricultural Board thru every community, town and city and are giving demonstrations in the most up-to-date methods of cooking, canning, preserving and other domestic arts.

The first lecture of this series given several weeks ago dealt with the preservation and value of food.

A demonstration in fireless cooking will be held later on in the series.

The Louisville post calls attention to the fact that Sherman and LaFollette were prominent enough but didn't have bombs sent to them. Nor did Borah and Reed.

Mothers' Day.

Sunday was Mothers' Day and it was observed throughout the city. Hundreds of red and white roses were worn in honor of the living and dead mothers. Touching tributes were paid to the memory of mother by the pastors of the various churches.

## REPUBLICAN SLATE READY

HAND-PICKED TICKET FOR THE CONVENTION AT LEXINGTON TODAY

E. P. MORROW FOR GOVERNOR

Christian County Not Recognized In The List of Nominees, However.

Louisville, Ky., May 13.—Kentucky Republican leaders seemingly have no fear of creating soreness within their ranks by providing a hand-picked ticket for the ballot this fall. When they meet in convention at Lexington today they will recommend a candidate for every State office to be filled in November. They contend that such action on their part will result in less dissatisfaction in the long run than were they to keep hands off and leave it up to the best man to win Republican nominations in the August primary.

To be sure, the Republicans will have to go through the form of nominating a ticket through the primary method in August, as the Kentucky law requires this, but the real work will be done in Lexington on Wednesday. It is doubtful if there will be a single contest for the Republican nominations in August.

Ticket To Be Recommended.

For Governor, Edwin P. Morrow; Lieutenant Governor, S. Thurston Ballard; Auditor, John J. Craig, Covington; Treasurer, James Wallace, Irvine; Secretary of State, J. M. Perkins, Frankfort; Commissioner of Agriculture, W. C. Hanna, Shelbyville; State Superintendent of Public Instruction, R. P. Green, Bowling Green and Attorney General, Sawyer Smith, Barbourville.

Unless present plans are changed at the eleventh hour, the convention at Lexington today will recommend for places on the Republican ballot this fall the following:

## RICKENBACKER HERO OF AIR

Told His Thrilling Narrative of Airplane Fighting at Tabernacle Friday Night.

Friday night at the Tabernacle the people of Hopkinsville were treated to one of the best lectures ever heard in this city. Those who failed to hear Capt. Eddie Rickenbacker missed one of the most entertaining of narratives. He told in a modest and unobtrusive manner of his deeds on the Western Front, but was most elaborate in his praise of his comrades who helped drive the Huns from the air. Rarely did he mention himself except in connection with some others who made their name a byword throughout the world by their bravery.

His subject "The Arena of the Sky," was one which gave him ample room to pay tribute to friend and foe alike.

His vivid accounts of those heroes who fought and died thousands of feet above the ground ranged from humor to tragedy. He told the story of Lieut. Smythe who went up with him to an altitude of 22,000 feet, where the temperature was 40 degrees below zero and who said on landing, "Rick, I am so cold that I'm afraid to smile for fear that I might crack. I don't know how high we were in miles, but I'll swear we were high enough so I saw the sunrise for day after tomorrow."

The story of Lieut. Wilber White, who charged an enemy plane and went down to death with the Hun, on the eve of the day he was to have gone home on leave, that a less experienced comrade might escape, created a deep impression of the audience.

At the conclusion of the lecture, Capt. Rickenbacker showed a series of moving pictures of air battles that were the best ever seen here.

TWO CHANGES IN BUSINESS CIRCLES

Ralph Lewis has resigned his position as secretary-treasurer of Frankel's Busy Store and will devote his entire time and attention to the rapidly growing business of the Duffer-Lewis Motor Co.

In turn S. F. Bowles has resigned his position with the Planters' Bank & Trust Co. and has succeeded Mr. Lewis at Frankel's.

## STOCK SALE AT FAIRGROUNDS

CAMPBELL-CRAWLEY SALE IS A BIG SUCCESS—OVER 600 HEAD SOLD

TOP PRICES WERE REALIZED

Big Crowd On Hand And Receipts Are \$12,689.25—Blooded Stock Outsold The Scrubs.

Despite the threatening rain, the Campbell-Crawley Stock Sale held at the fair grounds Saturday was a great success. The weather kept down the size of the crowd and the offering of stock but over 600 head of cattle, sheep and hogs were sold for a total price of \$12,689.25.

Top prices were brought by all the stock offered but the very great difference between that brought by the high grade stock and the indifferent was the cause of much talk among stock men. These prophesied that as a result of such sales, in a few years Christian county will be producing none but the highest grades of cattle, sheep and hogs.

Two of the best of auctioneers were on hand in Messrs. Luckett, of Princeton and J. T. Watson, of this city. No time was lost. As soon as one lot of stock were sold another was offered. The bidding started at 11:30 and the sale was over by 3:30. Dinner was served on the ground by a committee of ladies.

One of the best sales of hogs was a sow and six pigs which were sold to Jenins & Yates, St. Louis commission men, for \$151.

A flock of 95 sheep, 57 old sheep and 38 lambs, sold for \$1,140 in the sale. These sheep were consigned from Trigg county and the owner sold them after getting to town with them to G. C. Courtney, who in turn sold them in the sale and realized a handsome profit by his venture.

Another profit-making trade was shown when Hunter Moss sold seven shoats before the sale to Frank Clark for \$50. Mr. Clark in turn sold them for a profit to Mr. Dougherty. Mr. Dougherty made the best profit of all for in the sale they brought him \$98.

The best sale of cattle was the Steve Williams offering, of Pembroke. Mr. Williams offered 20 head and fat cows sold as high as \$100 and steers as high as \$90.

There were many other specially good sales made. In fact the entire sale was better than had been expected.

## SCOTCH BAND HERE MONDAY

Comes Here Under Auspices of Local Chapter of Order of Eastern Star.

On Monday afternoon and night, under the auspices of the Carrie Hart Chapter of the Order of the Eastern Star, the Royal Scotch Highlanders Kilty Band, will give two performances. The matinee will be at 2:30 and the night performance at 8 o'clock.

The opportunity to hear this famous band will be a rare treat to the people of this region.

BLACK ON TRIAL

Lieutenant Governor James D. Black will next Saturday become the governor of Kentucky to serve until next December. Gov. Black is a gentleman of high character, refinement and good breeding. He is a man of dignity and has a full sense of the responsibility that will rest upon him as the chief executive of a great commonwealth. In that position we are sure he will acquit himself with honor. He is of a kindly and gentlemanly temperament, but will not be led by his emotions or through political or personal influence into an indiscriminate use of the pardoning power. He will probably have few appointments to make, but we judge that he will select only high class men and will enter into no trades or deals with long discredited office-seeking politicians. Gov. Black is a candidate for the Democratic nomination for governor and the manner in which he discharges the duties of the executive office the next three months may have much to do with determining that race.—Owensboro Messenger.

The change in the governor's office is expected to be made by the end of this week, as Gov. Stanley will become Senator May 19. Lieut. Gov. Jas. D. Black will succeed him. The executive office force, including Executive Marshal George Farris, of Lancaster, are holding under four years' appointments. Miss Minnie Mahler, secretary to the governor, will be his secretary in Washington, and the new governor will have a secretary and stenographer to appoint.

The change will have considerable political significance. Henry Hines, chairman of the Board of Control, and Thomas Pennell, state fire marshal, are supporters of Rhea in the primary, in which Lieut. Gov. Black is running as one of Rhea's opponents. The Board of Control is under the executive department, managing all the prisons and state hospitals. The fire marshal is under the State auditor, and if Auditor Green resigns to accept another place as predicted and the new governor appoints the auditor the fire marshal's force also will be affected by the change.

The delayed airship NC-2, that had to come down and be towed in on the first leg from Long Island to Halifax arrived a day late and all three of the planes have reached Newfoundland on the second leg. The 985 miles were covered in 16 hours. The next flight from Newfoundland to Azores, 1200 miles, will be made this week by all three of the planes. Then from Azores to Lisbon and from Lisbon to Plymouth, England, will complete the trip.

## U.S. WHEAT TO BRING 2 BILLIONS

Forecast of Production Places Size of World's Greatest Crop at 899,915,000 Bushels.

Washington, May 8.—The greatest crop of winter wheat produced in any country is in prospect for this year's harvest. Today's forecast of production, estimated by the department of agriculture, placed its size at almost 900,000,000 bushels—in exact figures, 899,915,000 — which would make this year's harvest worth \$2,034,000,000 at the government's price guarantee of \$2.26 a bushel. Rye production was forecast at 122,946,000 bushels, an increase of 22,000,000 bushels over the April forecast.

Kansas is producing an enormous crop, the forecast of production for that state being almost 22 per cent of the country's total indicated output. Illinois has a forecast of nearly 66,000,000 bushels, Indiana about 56,000,000, Ohio 55,000,000 and Oklahoma slightly more than 54,000,000. The acreage is the largest on record and the area abandoned from winter-killing, overflows and other causes is extremely low, 1.1 per cent.

Growing conditions have been splendid and the crop from April 1 to May 1 made an improvement, bringing it to 110.5 per cent of a normal, which is the highest condition on record for May 1. Continued good growing conditions from now until harvest might result in a crop larger than 900,000,000 bushels.

**Good Pastures**  
The average condition of pastures on May 1 was 90.3 compared with 83.1 last May and 84.5 the ten year May average.

Spring plowing was 72.7 per cent completed on May 1, compared with 77.5 per cent last year and a ten year average of 70.5.

Spring planting was 61.10 per cent completed, compared with 60.8 last year and a ten year average of 58.1.

Winter wheat production, based on April 1 conditions, was estimated at 837,000,000 bushels, while last years winter wheat crop was 558,499,000 bushels and the rye crop 89,103,000 bushels.

Condition of rye compares with 90.6 per cent of a normal on April 1 this year, 85.8 on May 1, last year and 89.8 the ten year May 1 average.

Production of hay is forecast at 114,930,000 tons compared with 89,833,000 tons last year and 98,439,000 tons in 1917. The expected hay acreage this year is about 71,224,000 wild.

The average condition of meadow (hay) lands on May 1 was 94.3 compared with 89.3 compared with 89.6 on May 1 last year and a ten year May average of 88.1.

Stocks on farms on May 1 are estimated at 8,493,000 tons against 11,476,000 on May 1, last year and 11,803,000 tons the five year average on May 1.

## GOOD ROADS

Townsend Bill Provides Business-like Management For Construction Of Highways.

"The Townsend bill creating a Federal Highway Commission, consisting of five members, provides businesslike management for the construction of our national highways and is a worthy example of statesmanship applied to our highway problem," said R. E. Fulton, Vice President of the International Motor company, manufacturers of Mack Trucks. "Senator Townsend has shown a practical grasp of the situation and should be supported by every citizen who believes that our highways should be improved in a scientific manner under business like management. In the next few years billions of dollars will be spent in the improvement of our state and national highways. The people should insist that this money be spent in a way that will insure permanent returns, and not represent a big loss a few years hence."

"Another feature of the Townsend bill is that it co-ordinates our highway construction and makes the highways of various states part of an integral system, instead of separate or isolated units which are not efficiently connected up to serve the country either in time of peace or in the event of war."

"With a commission such as that proposed by the Townsend bill, roads would be built on the basis of their present requirements, plus what might be reasonably expected of them in the future. There is no other way to build highways and not waste the people's money. Our national highways must be of such durable type of construction and such width of surface as to effectively meet both present and future needs. This is one of the basic principles of the Townsend bill."

"Not only the construction of the roads under the Townsend plan, but the financing as well, will be on a sound business basis, similar to that of a public utilities corporation. Tax-payers and others who are interested in the economical spending of the people's money for better highways, and a genuine guarantee of better transportation conditions and lower cost of living, should make their sentiment known, as the bill comes up in the next session of congress. A digest of the Townsend bill and a contrast of its plan will be mailed free upon request by the Highways Committee of the National Automobile Chamber of Commerce, Washington, D. C."

## EXAMINATION

Special Examination in Agriculture For White Teachers.

On next Friday and Saturday, May 16 and 17, an examination will be given in the county courthouse for the benefit of those who wish to secure certificates to teach in the rural or graded schools.

A special examination will be given on the subject of agriculture on Saturday, May 17th, at 9 o'clock. The teaching of Agriculture in the rural and graded schools become compulsory July 1st, 1919, and all teachers who expect to teach in these schools next year will have to take this examination. Those who now hold certificates will be examined in this one subject and the grade secured become a part of their former examination. The fee for the examination in agriculture will be 25c for each person.

On Friday and Saturday, May 23rd and 24th a similar examination will be held for the colored teachers and the same rules will apply.

A Voice From the Past.

(New York World.)  
The president succeeded on this occasion because he acted without sense and without constraint in a panorama that was gotten up more for the benefit of his party than for the glory of the nation and the honor of the dead. \* \* \* We pass over the silly remarks of the president; for the credit of the nation we are willing that the veil of oblivion shall be dropped over them and that they shall no more be repeated or thought of.

This is not an extract from an editorial in the New York Sun or the New York Tribune. Nor were the sentiments quoted above taken from any of the public utterances of Senator Poindexter or Senator Sherman or Senator McCormick. They are from an editorial that was printed in the Harrisburg Patriot and Union on November 24, 1863, and have no reference to Woodrow Wilson.

The president in question was Abraham Lincoln. The "silly remarks" were the Gettysburg speech.

## WHISPERS ABOUT 'A BANKER'S LOAN' SHOULD BE HALTED

EVERYBODY MUST PARTICIPATE OR CREDIT OF COUNTRY WILL SUFFER.

MEET URGENT WAR BILLS

Money in Financial Institutions Required For Transacting Ordinary Business.

Doubtless the banks of the United States could swing the Victory Liberty Loan over without exhausting themselves. But such a strain put upon the banking and credit machinery of the country would be felt for years.

The money in the bank is in constant use. It is needed in financing the everyday transactions of trade, in starting new businesses, in extending lines of credit to established concerns, in keeping trade and industry on the move.

The money for the Victory Liberty Loan should come out of the everyday savings, the surpluses of the workers, the salaried and professional people of the country.

The man with his own business, the farmer, the average man, it is up to him to subscribe every dollar he can to the loan.

The whisperings that this is to be a "banker's loan" continue. No one knows this to be as false as do the bankers. A Liberty Loan such as the United States has been raising requires the co-operation of everybody in the country.

The wealthy classes and the banks cannot raise it by themselves without straining the usual credit resources beyond the limit and causing financial conditions that will react in every part of the nation.

We don't want anything like that in this country. We want the war finished and the bills met and we want to get back to normal production and distribution. That is the why of the Victory Loan.

## WHAT WE DID IN THE OTHER LOANS

Following are the statistics on the previous Liberty Loan campaigns:

First Liberty Loan.			
Amount of the Loan	\$2,000,000,000	Interest	3½ per cent
Quota for the 8th Federal Reserve District	\$80,000,000	Second Liberty Loan.	
Amount of Loan	\$3,000,000,000	Interest	4 per cent
Quota for the 8th Federal Reserve District—maximum	\$120,000,000	Third Liberty Loan.	
Amount of Loan	\$3,000,000,000	Interest	4½ per cent
Quota for the 8th Federal Reserve District	\$130,000,000	Fourth Liberty Loan	
Amount of Loan	\$6,000,000,000	Quota for the 8th Federal Reserve District	\$260,000,000

**REMEMBER THAT—**  
YOU ARE PROUD of our victory. As an American you are proud of your share of the glory. Cheering for Victory is sentiment; paying for it is duty, just as much of a duty as paying your monthly bills.

YOUR LIBERTY LOAN SUBSCRIPTION IS THE MEASURE OF YOUR PATRIOTISM. PROVE UP.

\*\*\*\*\*  
SECRETARY GLASS ON THE VICTORY LOAN.

In announcing the final details for the Victory Liberty Loan, Secretary of the Treasury Glass said:

"This will be the last Liberty Loan. Although as the remaining war bills are presented further borrowing must be done, I anticipate that the requirements of the government, in excess of the amount of taxes and other income can, in view of the decreasing scale of expenditures, be readily financed by the issue of treasury certificates from time to time as heretofore, which may be ultimately refunded by the issue of notes or bonds without the aid of another great popular campaign such as has characterized the Liberty Loans."

"I am sure that the people of America will subscribe to this Victory Loan in the same spirit of patriotism which they have shown in the past, to the end that the notes may be as widely distributed as possible, and that our banking institutions may be left free to supply the credit necessary for the purpose of industry and commerce and the full employment of labor. Let the world see that the patriots of America, out of their boundless resources, and with the same enthusiasm and devotion to country which they prosecuted the war to a victorious conclusion, are determined to finish the job."

## Grange Wool Sale

Wednesday, May 21st

At R. E. and W. D. Cooper's Loose Floor, 12th and Water Sts.

At above date and place will be held the Annual Grange Wool sale, held under the auspices of Church Hill and Wheatland Granges. It is expected to offer from 15,000 to 20,000 lbs. of wool to the highest bidder on that date and all who desire to sell their wool in this sale can do so by complying with terms. A selling fee of 50c per hundred will be charged to take care of expenses.

All who enter their wool for sale are required to use standard sized wool sacks so that the tare weight can easily be ascertained and to deliver to the selling floor before 12 o'clock on day of sale. The sale will commence at 1:30 p. m. and all wool should be on hand by that hour.

A competent receiver will be on hand to receive and weigh the wool when brought in and it is understood that if weighed on day of sale the weight is to be official purchase weight. If there be buyers from a distance, who cannot ship out the same day, the wool can remain on floor until following day at purchaser's risk. All are solicited to patronize this sale as the Grange Committees will endeavor to conduct the sale in a satisfactory manner.

### Sale of Surplus Stocks.

Washington, D. C.—The War De-  
partment has made contracts for the  
sale of surplus stocks of sodium ni-  
trate, sulphur and copper. This ma-  
terial will be sold by the firms con-  
tracting with the Department at cur-  
rent market prices and will not in  
any way change the market.

### OVER MILLION WAR RISK CHECKS MAILED

Washington, D. C.—During April,  
the Bureau of War Insurance mailed  
cut 1,097,000 checks amounting to  
\$38,900,000. On May 1, 86,000  
checks were mailed out to the bene-  
ficiaries of men who died in the mili-  
tary service.

Since October 6, 1917, when the  
War Risk Insurance became effective  
the bureau has sent out more than  
15,000,000 checks to the dependents  
of men in the service, paying out  
more than \$496,900,000 in allotments  
and allowances and insurance and  
compensation awards.

The checks go to every corner of  
the world. During March, 30,000  
checks were mailed to foreign coun-  
tries. Italy gets the greatest num-  
ber. More than 2,500 foreign checks  
are being held by the bureau because  
of suspended mail service. Among  
them are a few for dependents who  
are in Germany. More than 1,000  
destined for Russia are among those  
being held.

### CHARLES S. MOREHEAD, AGED FIFTY YEARS, IS DEAD

Charles S. Morehead died at his  
home 623 E. 4th St. Friday morning  
at 3 o'clock, after an illness of two  
weeks or more of pneumonia. He  
was fifty years of age. He is sur-  
vived by his widow, one daughter,  
Helen, one son, James, one brother,  
C. G. Morehead, and one sister, Miss  
Fannie Morehead, of Cadiz, Ky.

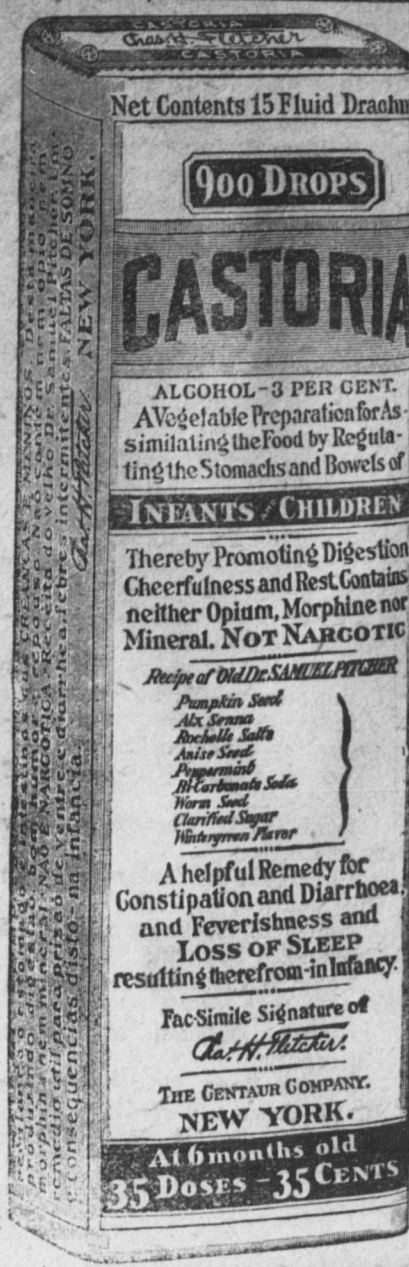

Mr. Morehead had made his home  
in Owensboro for the past six years,  
a popular and efficient deputy in the  
revenue service under Collector Grif-  
fith. The deceased was born in Cadiz,  
Ky., a son of the late Rev. R. W.  
Morehead and wife, Helen G. More-  
head, the father having been a well  
known Baptist minister of the state,  
whose last charge was at Princeton,  
Ky.

The remains were taken to Prince-  
ton where the funeral services will  
be held and interment made.

## Christian County Boys in the Student Training Corps.

Among the plans of the government to quickly train men for officers there was set in motion the machinery of the leading schools and colleges assisted by assignment of officers from regular army sources to teach and prepare boys for the intensive work of the officers' training camps. Thousands of boys of draft age volunteered in this service whence they were to be sent to the various officers' schools throughout the country as the need for them arose or as their names were reached by the Draft Boards. It was one of the greatest efficiency measures started by the government and in the short time before the armistice was signed there were numbers of the boys who were ready to be transferred to officers' training.

There were 41 of these boys from Christian in the various schools and colleges and their names are as follows:

Jonathan Armstrong, city—University of Cincinnati.  
Henry Abernathy, city—University of Missouri.  
Gilbert Boardman, city—Ogden College and West Ky. State Normal.  
Thomas E. Baynham, Oak Grove—S. W. Presbyterian University, Clarks ville.  
William Holland Bryant, Hopkinsville, R. 1.—Ogden and West Ky. State Normal.  
Ed Lambert Campbell, city—Swarthmore, Pa.  
Warren Chisholm, Pembroke, University of Cincinnati.  
John W. Draper, Howell—S. W. Presbyterian University.  
G. Lafayette Dunn, Pembroke—University of Cincinnati, died in service.  
Hubert W. Foster, Pembroke, R. 2—University of Virginia.  
William Earl Fowler, Hopkinsville, R. 1.—Ogden and West Ky. State Normal.  
Lee F. Grace, White Plains—University of Cincinnati.  
Carl Ray Goodwin, city—Cookville, Tenn.  
Joseph C. Hester, Lafayette—Logan College.  
Karl Hisgen, Champaign, Ill., on discharge entered U. S. Military Academy at West Point.  
Estill Hickerson, Lafayette, University of Cincinnati.  
W. P. Haynes, Howell, George Washington University.  
Jno. B. Jackson, city—University of Virginia.  
Leo Smith Johnson, Ogden and

West Ky. State Normal.  
William G. Johnson, Pembroke, R. 2—University of Cincinnati.  
William E. Lacy, Pembroke, R. 2—Georgetown College.  
W. Ray Moss, city—Georgetown College.  
William Rudolph Morris, Pembroke R. 1—University of Cincinnati.  
Hugh McShane, University of St. Louis.  
Lee Douglas Metcalfe, city—Cookville, Tenn.  
Joe G. Moseley—University of Virginia.  
Walter Neblett, city, University of Kentucky.  
Henry Morton Petrie, Fairview—University of Kentucky.  
Drury Smith, Pembroke—University of Kentucky.  
James L. Skerritt, Louisville—University of Louisville.  
William L. Tandy—University of Pennsylvania—Naval Training.  
Louis Thomason, Crofton—University of Cincinnati.  
Joseph Fagan White, city—Cookville, Tenn.  
Lewis Lytle West, city—University of Cincinnati.  
Garner T. Williams—University of Cincinnati.  
James L. Buckner, colored—Fiske University, Nashville.  
Peter William Baker, colored, city—Atlanta.  
George Oldham, city—Kentucky University.  
Joseph Bune Thaxton, Pembroke, R. 1—University of Cincinnati.  
R. C. Gary, Jr., R. 7—University of Cincinnati.  
Nearly all of these boys were in the September, 1918, registration. The date in the induction of each one has been obtained from the Draft Board. The historian will be glad to have the blanks filled out of all those who have not yet attended to it. Blanks may be obtained at the Public Library or at the Home Service office of the Red Cross. If there are any other boys who belong to the county either by residence of family and registered for any reason with another draft board, the record of their service belongs to this county and will be gladly recorded when furnished. The aid of the historical work is to preserve the name and service of every soldier and also the civilian work.

MRS. W. T. FOWLER,  
County Historian,  
Hopkinsville, Ky.

## REPUBLICAN CONVENTION

Morrow Endorsed For Governor;  
Fowler, Attorney General; and  
Ramey, Secretary of State.

The Republican county convention was held Saturday afternoon at the Courthouse. Only a small crowd was present. Judge G. H. Champlin was named as chairman and E. S. Foreman, colored, as secretary.

Speeches were made by C. R. Clark and W. T. Fowler. Resolutions were adopted expressing the faith that the G. O. P. can best handle the reconstruction following the war.

Edwin P. Morrow was called "our peerless leader," and was endorsed for the Republican nomination.

The resolution continues:  
"We also endorse the candidacy of the following gentlemen for the respective offices on the state ticket to be voted at the coming November election, to-wit:

For Attorney General—  
Hon. W. T. Fowler our own gifted son.

For Secretary of State—  
Hon. James F. Ramey, of Lyon county.

The following forty-six delegates, with R. A. Cook as chairman, were named to represent Christian county next Wednesday at the State convention at Lexington:

R. A. Cook, chairman; V. M. Williamson, S. T. Fruit, L. R. Davis, G. H. Champlin, James Breathitt, Sr., C. R. Clark, W. T. Fowler, O. H. Anderson, J. J. Cliborne, G. B. Powell, H. S. Smith, E. W. Glass, Walter Robinson, Peter Postell, Phil H. Brown, E. S. Foreman, W. C. Davis, A. B. Pahhs, Sam Watkins, P. Moore, Hiram Brown, Walter Drake, R. J. Carothers, H. C. Locker, Dr. Andrew Sargent, George Leavell, W. F. Lacey, T. H. Moore, Edgar Renshaw, H. C. McGehee, C. C. West, D. T. Cranor, W. E. Keith, T. B. Fairleigh, J. O. Cook, W. R. Brumfield, Clyde Vinson, F. L. Hamby, O. N. Boyd, H. H. Lawton, John R. Marquess, R. M. Meacham, W. A. Nichols, J. S. Fritz, Hugh Sargent, K. C. Massie, A. C. Brent.

### Station Gets First.

A big blue ribbon was won by the Kentucky Experiment Station of eggs exhibited at the 11th Annual Egg Show at Purdue University. These honors were hard won as six hundred eggs were entered at this the biggest egg show in the country. The first prize was won on brown eggs and the second and fourth prizes were taken by the white eggs exhibited.

### RED CROSS ROOMS TO CLOSE FOR SUMMER

On June 1st, the sewing rooms at the Red Cross headquarters will be closed for the summer. In no sense does this mean that the Local Chapter is disbanding. It is only that the actual production of the sewing rooms will be suspended until September 1. With the completion of 1100 refugee garments today, there will be only 80 hospital garments in the workrooms. It is the aims of the supervisors to finish these by June 1st. No further quota will be issued until fall.

Miss Lida Hafford, State Executive Secretary of the Red Cross, who was in town Monday, said, "The women of the State have made a wonderful record. It is the desire of Headquarters not to call on the women during the summer months so that they be rest from the strenuous work which they have done so unselfishly during the period of the war and come back in the fall refreshed and ready to finish the work of reconstruction."

Recruiting Office Closes on May 24.  
Young men who have not served in the U. S. Army, but desire to do so may lose their opportunity to enlist in Hopkinsville if they do not apply before May 24th.

Every branch of the service is open to you, but the ranks are fast filling up and it may not be in the near future.

Uncle Sam called for 50,000 volunteers. Will you be among them?

Any man who has been honorably discharged from the Army, Navy, Marine Corps, National Guard or Militia may enlist for one year. Beginners must enlist for the period of 3 years.

Why not take a trip to one of the following countries?

Cuba, Haiti, Porto Rico, Panama, Philippines, Alaska or China. You can be sure you will be sent to the place you want to go before you enlist.

Hopkinsville is now well represented among the 50,000 volunteers. Twenty-eight men having given their services.

You are not required to enlist when you come to the office for information. We give you that freely whenever you ask for it.

If you want to know about your insurance, back pay, travel pay, or bonus call and see us and we will do all we can for you.

### RECRUITING OFFICERS.

#### Keen Interest Shown.

Keen interest is being shown by many counties in the state in the Farmers' Community Meetings, which were mentioned in last week's issue. These meetings of three days each, should be of great value to any neighborhood or county. Full information concerning them can be obtained by writing to the headquarters of the State Development Committee, Board of Trade Building, Louisville, Ky.

### CAPS AND BOOTS

Cyrus M. Williamson, of the Cary-Williamson Co., arrived home yesterday and was joined here by Mrs. Williamson who spent most of the time while he was absent with her parents in Henderson. Mr. Williamson, who was wounded in action, has apparently recovered and is in a fine physical condition.

Lieutenant Vivian Lander is spending this week on leave of absence, with his parents, Mr. and Mrs. G. W. Lander, on South Campbell street. Lieut. Lander is at present in command of a company of the 156th Depot Brigade at Camp Jackson, S. C.

William F. Humphrey, who served a year in France with the 110th Engineers of the 35th Division, arrived in this city Sunday night. He is a son of Mr. and Mrs. B. W. Humphrey.

Capt. Thos. G. Skinner has been discharged from the service and arrived home yesterday morning from Camp Taylor. He will resume the practice of law.

Major J. T. E. Stites, of Camp Taylor, is here on a visit to his mother, Mrs. Susie E. Stites.

Lieut. R. F. McDaniel will return to Newport News today.

### Hatch Many Chicks.

A produce company at Harrodsburg, Ky., put in a mammoth incubator this season to test the demand for baby chicks in that territory. Although the first hatch is just now off, the demand for day-old-chicks has been greater than the supply. The manager of the company writes:

"It looks as if next year we will either have to give up this work or put in a larger machine."

It would appear from the above that the baby-chick business had great possibilities in Kentucky.

### OBITUARY

Whereas God has seen fit in His Omnipotent Wisdom to call from our midst one of our purest and noblest characters, Mrs. G. H. Stowe.

THEREFORE, by the members of the Hopkinsville Egg Circle, be it RESOLVED:

First—That the Circle has lost not only its President, but an untiring worker. We deeply regret our loss, and feel that her place can never be filled.

Second—We loved her very devotedly. We have always found her loyal to the poor: this was manifested not only by her words but by her deeds; as she ever administered to their needs in every way that she could. She was a devoted Christian, few have ever done more for their church than she; we know that her influence will be greatly missed.

Third—We as members extend to the bereaved family our most heartfelt sympathy, but would say to them "Weep not as for one without hope"—our loss is her eternal gain.

Fourth—That a copy of these resolutions be spread on our records, a copy be sent to the bereaved family, and a copy be furnished to the local papers for publication.

MRS. S. E. ADAIR, Pres.  
MRS. J. P. MORAN, Supt.  
M. E. KING, Sect.-Treas.

### Washington Planted Trees.

The visitor at Mt. Vernon is always struck with the wonderful variety of trees and shrubs which the father of his country planted with so much care. All this planting shows quite plainly that he enjoyed the beauties of nature; but he seldom commented on them, at least in his diary. On April day when the shy young leaves were making the world over again, he wrote in his diary:

"The flower of the Sassafras was fully out and looked well—an intermixture of this kind and Red bud I conceive would look very pretty—the latter crowned with the former or vice versa."

Never in her history has England been so scarce of leather, notwithstanding the skinning of Huns.

### Woolen Industry Recovering.

Washington, D. C.—Reports to the Department of Agriculture disclose that on April 1 woolen machinery in operation showed an increase for the first time this year. There were ten per cent fewer looms idle, 3.5 per cent fewer carpet looms idle, 3.5 per cent fewer narrow looms idle on that date than in March 1. There were decreases also in idle woolen cards and spindlers, and worsted combs and spindlers. A decrease in the amount of machinery reported as running 40 hours or less a week is shown.

Mrs. J. T. Godfrey, of Wilmington, Del., shot her husband because his snoring annoyed her. She winged him twice in the neck and shoulder and he is now sawing his gounds in a hospital, while wife is under a \$2,500 bond.

### Child Welfare Conferences.

Washington, D. C.—Dr. C. M. Allen, a French woman physician, has arrived in America to take part in a series of conferences on child welfare standards in various cities in the United States under the auspices of the Federal Children's Bureau. She will tell how the French Minister of War worked to save babies whose mothers were working in munition factories during the war. She was in charge of the nurseries established in these factories.

## ROME GIVES U. S. FAMOUS PALACE

Bankers Purchase Historic Home  
to House All American Or-  
ganizations.

### TOPROMOTECLOSERELATIONS

Will Be Permanent Headquarters for  
Representatives Sent to Italy by  
American Business and Finan-  
cial Institutions.

Rome.—Thanks to the generosity of  
Italian financial and commercial inter-  
ests, the United States will have a  
house of its own in Rome.

The Palazzo Salviati, one of the  
famous group of historic family pal-  
aces that line the Corso Umberto, for-  
merly the Flaminian way, has just  
been purchased by the big banking in-  
terests of Italy, rechristened "La Casa  
dell'America" or "The American  
House," and placed at the disposal of  
all societies, organizations and move-  
ments that have for their object the  
furthering of commercial, financial, so-  
cial and industrial relations between  
the United States and Italy.

#### Banks Provide Money.

The project was planned by Minis-  
ter of Provisions Crespi, who through  
his contact with American Food Ad-  
ministrator Hoover, became convinced  
of the great mutual benefit to be de-  
rived by Italy and America through  
closer relations. The money for the  
purchase of the palace was put up  
by the leading banking institutions of  
Italy.

The Salviati palace, which is near  
the entrance of the Corso Umberto  
into Piazza Venezia, or where the  
Flaminian way—formerly led up to the  
Capitoline hill, is surrounded by the  
other equally historic palaces of the  
Odescalchi and Doria families. Its  
interior furnishings and decorations  
will be kept intact as far as possible.

#### A Permanent Headquarters.

The first floor of the palace will be  
occupied by the central headquarters  
of the Italian-American league, of  
which Senator Ruffini is president and  
which has for its object promoting  
every possible relation between the  
American and Italian peoples.

The second floor will be given over  
to the offices of financial organiza-  
tions that are especially interested in  
Italian and American stocks and  
bonds.

Still other portions of the palace will  
be given over to the societies and or-  
ganizations promoting interests along  
special lines between the United States  
and Italy.

In the future American manufac-  
turing, business and financial institu-  
tions sending representatives to Italy  
to establish relations will find perma-  
nent headquarters at the American  
house and every facility necessary to  
enable them to attain their ends.

### SERVES 7 YEARS FOR \$500

New York Youth, Nineteen Years of  
Age, Has Committed Twenty-  
Five Burglaries.

New York.—To get less than \$500  
in cash through law-breaking activi-  
ties has cost Stephen Leyster, nine-  
teen years old, seven years in protec-  
tories and reformatories, but he is not  
sure that he made a bad bargain.

Leyster admitted he had committed  
25 burglaries and robberies.

"You seem to be proud," said Judge  
Humphrey, "of the fact that you have  
done something that the average per-  
son does not do. How long have you  
been in jail?"

"Counting the time that I wa. in the  
protectory and the reformatory, it is  
seven years," answered the boy.

"How much do you think your  
career in crime has netted you?"

"Well, between \$400 and \$500 in  
cash."

### TOTS HURT BY "PRETTY TOYS"

Scores of Children in Serbia Maimed  
by Picking Up Austrian  
"Dud" Shells.

London.—The war is still taking its  
toll of children in Monastir. The Ser-  
bian hospital contains scores of little  
ones who have been maimed for life  
or severely injured by explosions of  
"pretty toys" they have picked up  
along the roadsides or in the yards of  
the homes they recently have reoccu-  
pled.

The toys are "dud" shells dropped  
into the city and its environs by Aus-  
trian and Bulgarian batteries. Every  
day children dig up these bright ob-  
jects and explosions usually follow.  
Many boys and girls have been killed  
by these shells.

### TEA GIVEN UP BY HARVARD

Professors and Their Wives This Year  
Have Omitted Old Custom at  
Cambridge.

Cambridge, Mass.—Harvard has given  
up tea for beer. Or even a bottle  
of ale will serve the purpose at Cam-  
bridge. Harvard professors and their  
wives have this year omitted the cus-  
tom of holding afternoon teas for stu-  
dents, while it has been announced that  
candidates for the Freshman and var-  
sity crews will not be allowed to drink  
anything but a bottle of beer or per-  
haps ale for supper.

### Sad Fate of Chinese Widows.

Very few Chinese widows ever re-  
marry. As a rule, customs of society  
do not go further, but in some parts of  
Fukien the self-destruction of widows  
in their devotion to their dead hus-  
bands has assumed almost barbarous  
forms. For example, when a man dies  
his wife will generally declare her in-  
tention to kill herself to demonstrate  
her faithfulness toward him. Then the  
elders of the family will cause a  
high stage to be erected and invite  
their relatives, friends and acquaint-  
ances to witness the heroic deed.  
When the appointed hour has come  
and the spectators have assembled,  
the lady will ascend the stage to hang  
herself amid the admiration and ap-  
probation of the spectators. Then a  
stone arch will be erected to her mem-  
ory, and the family will be regarded  
as illustrious for possessing such a de-  
voted wife.

### Thinking and Doing.

"The end of life," said Emerson,  
"is an action and not a thought,"  
which leads us to remark how much  
importance we give to the thought  
and forget the corresponding action.  
This very thought of Emerson is  
worth nothing unless it culminates in  
a deed. And the lesson now is, never  
to have a thought that does not origi-  
nate or culminate in an action. A  
thought apart from action is of no  
worth. Thinking well and refusing  
to do well is destructive of character.  
Teach that philosophy at school, and  
you understand it, gentle teacher, and  
if you don't stay home and wash  
dishes. Saying nice things and doing  
poor ones is the calamity of life, from  
which we should all pray to be freed.

### Palestine in Christ's Time.

At the time of the birth of Christ,  
Judea, that portion in which Jerusa-  
lem was situated, was a dependency  
of the government of Rome. In the  
year 70 A. D., about thirty-five years  
after the death of Christ, Jerusalem  
itself was captured by the Romans  
under Emperor Titus and was de-  
stroyed. It was rebuilt by the Ro-  
mans and held for varying periods  
by them, by the Persians, by the Mo-  
hammedans, by the Crusaders and  
by the Turks. It was under Turkish  
rule from 1516 until capture by the  
British.

## TOLD OF AIR RAIDS

Huns Get 5,511 Victims in English  
Towns.

Greatest Number of Killed or Injured  
Were Women and  
Children.

London.—In raids on the United  
Kingdom by the Germans during the  
war 5,511 persons were killed or in-  
jured, of whom 4,750 were civilians.  
An official summary of the casualties  
caused by German airships, airplanes  
and bombardments from the sea shows  
these casualties among civilians:

Killed, 554 men, 411 women and 295  
children.

Injured, 1,508 men, 1,210 women and  
772 children.

Three hundred and ten soldiers and  
sailors were killed and 551 were in-  
jured.

There were 51 raids by airships  
causing the death of 498 civilians and  
the injury of 1,236 and the killing of  
58 soldiers and sailors and the injuring  
of 121.

In 59 airplane raids 619 civilians  
were killed and 1,650 were injured. In  
these raids 238 soldiers and sailors  
were killed and 400 injured.

In 12 bombardments from the sea  
143 civilians were killed and 604  
wounded, while 14 soldiers and sailors  
were killed and 30 injured.

The greatest losses inflicted by Zepp-  
pellins were in raids on Norfolk, Sul-  
folk and the home counties of London  
on October 13, 1915, when 54 civilians  
and 17 soldiers and sailors were killed,  
and in West Suffolk and the midland  
counties on January 31, 1916, when 70  
civilians were killed and 112 injured.  
The raid on Lincolnshire, Essex and  
Suffolk on March 31 of the same year  
caused the death of 17 civilians and 31  
soldiers and sailors.

The most serious airplane raid was  
that of Margate, Essex and London on  
June 13, 1917, when 158 civilians and  
4 sailors and soldiers were killed.

The only bombardment from the sea  
in which there were heavy casualties  
was that on Hartlepool, Scarborough  
and Whitby on December 16, 1914,  
when 127 civilians and 10 soldiers and  
sailors were killed and 567 civilians  
and 25 soldiers and sailors were in-  
jured.

## Under the Wings of the Vulture

By C. M. MORRISON.

THE Black German Eagle was the emblem of the old Germany. The emblem was wrong. It should have been the vulture, depicted upon the armorial shields of the Imperial German Empire. For all over the world, wherever wings could cast a shadow, Germany was playing the part of the vulture.

This black shadow of the Hun vulture had rested over France for 40 years. France knew it but the rest of the world was indifferent. The vulture had been across the Vosges mountains once and he planned to go again as he had in 1870.

And in 1914 and for many a weary month thereafter it was resting over the whole world. America stood just as much in the shadow of the vulture of Prussianism as did the rest of the earth. But we wouldn't believe it then. Our professional pacifists wouldn't let us understand. They filled our ears with soft phrases.

Every day the menace came a little nearer and the shadow of the vulture's wings grew darker. We finally awoke but when we did it was too late. We came in at the eleventh hour. We have known that since the spring, 1918. Another month or so of patience would have made us reach the battlefield too late.

Had Germany won the war! What a different America this would be. Instead of raising a handful of billions in a Victory Loan we would be straining our hearts out to find \$40,000,000,000 in this country with which to pay our ransom to the Bandits of the World.

We would have been the sheep for the Hun shearing. No other nation had the resources left that we had to gladden the heart of the Hun. We would have borne the lion's share of the ransom that Germany was ready to levy on the world.

THE United States of America alone had the money to pay and the Huns of Hunland knew it. With that Teutonic thoroughness that we used to hear praised so often and listen to so innocently before the days of the war, the Hun had estimated just about what he could get out of us. He expected to leave us just about what he had left to Belgium and to Serbia and to Roumania and that was nothing.

His extortions would have taken from us far more than we have spent in all our war preparations. More than we would have spent had the war gone on another year. For the \$40,000,000,000 indemnity was by no means all that the Hun vultures expected to carry back with them when they set their black wings for the evil nest in Hunland.

There were other extortions in mind. The Hun knew that his factories needed raw materials. What better places to get them than in American fields, mines, forests and warehouses? The "Yankee Swine" would have little to say about the matter. The Hun would do the saying.

German factories were waiting for the raw materials that were to be gouged out of America. Factories set up and equipped with machinery stolen from Belgium and looted from France were to work up the raw materials that were to be gathered in America, freighted across the Atlantic and laid down at the docks of Hamburg. The ships of America and France and England, such as were left from the U-boat war would have been set to the task of carrying.

GERMANY wanted to get her old world trade back and that was one of the methods she had in mind. The world would have taken the goods at the point of a German bayonet.

The trade methods were to be very direct and definite. Something of a difference in that program today to what the Hun had planned it. Instead of raising \$40,000,000,000 for the Hun we are raising \$4,500,000,000—to draw 4% per cent interest to keep him where we put him. The Victory Loan takes the place of the indemnity that Germany was ready to levy upon us. Something of a difference to be walking up and signing our pledge to take so many Victory Liberty Bonds rather than standing and delivering to a field gray kaiserling who would give us a sneer with every receipt and no receipt whatever if he didn't feel in the humor.

But we outguessed the Hun. He guessed that we would not get into the war until it was too late. We made it by an eye-lash. We smashed the German ambitions to dust, stopped the Hun, helped to send him reeling backward and stood with the rest of the armed world with a bayonet at the breast of Germany when the Hun's red hands were raised in surrender. There will be no over-lording by Germany here, or anywhere else in the world.

The cost? Well, it will certainly not be \$40,000,000,000 on top of what we had spent in fighting the Hun.

When the final cost of the struggle to America is tallied it will be found in the neighborhood of \$30,000,000,000. If the kaiser had not been beaten it would have been at least \$40,000,000,000 on top of what we have spent.

And who will say that it wasn't worth every cent of that \$30,000,000,000 to do what we have done?

The way to show that appreciation and that gratitude is in the size of your subscription to the Victory Liberty Loan.

## GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

## LEAGUE'S RATIFICATION BY SENATE ASSURED

Washington, D. C.—The senate's ratification of the peace treaty, including the league of nations covenant, is assured, according to a poll of members of the Senate by the League to Enforce Peace.

The poll shows sixty-four Senators for the league, only twelve against, and twenty doubtful.

The twelve Senators definitely classed as opposed to the league are: Borah, of Idaho; Sherman, Illinois; New, Indiana; Lodge, Massachusetts; Reed, Missouri; Moses, New Hampshire; Frelinghuysen, New Jersey; Fall, New Mexico; Wadsworth, New York; Penrose and Knox, Pennsylvania; Poindexter, Washington.

Sixty-four votes are the two-thirds necessary for ratification, but the statement by the League to Enforce Peace indicates that a number of senators who are classed as doubtful will probably vote for ratification, and that several of those classed as present as "against" will cast affirmative votes when the time comes. In fact, the list as made up by the League to Enforce Peace shows only four senators as being unalterably opposed to the league—Senators Borah, Reed, Poindexter and Sherman—and some of the more optimistic advocates of the league express the belief that when the covenant finally comes before the Senate for a vote, these four will be about the only ones who will stand up against the overwhelming sentiment of the country and oppose ratification.

## U. S. SEEKS ALL ENTITLED TO CARE AND TREATMENT

Washington, D. C.—To insure care in hospitals and sanatoria for discharged sick and disabled soldiers, sailors and marines and male and female nurses of the Army and Navy, the Secretary of the Treasury, Surgeon General Blue of the Public Health Service, and Col. Henry D. Linsley of the War Risk Insurance Bureau have planned a campaign of national publicity to find all persons entitled to such treatment and instruct them how to obtain it.

State and municipal health officers, representatives of the National Tuberculosis Association, and the American Red Cross have been requested to refer to the various branches of the Public Health Service all persons needing relief. Officials of corporations, benevolent associations and others will be asked to give their assistance in this effort to provide care to every man and woman to whom it is owing.

**Meat and Dairy Products**  
Washington, D. C.—Meat and dairy products valued at \$1,391,576,723 were exported from this country in the nine months ended March, 1919, according to a report issued by the Department of Commerce.

## PRESUME DEATH ONLY IF CIRCUMSTANCES WARRANT

Washington, D. C.—The War Department will abandon the practice of arbitrarily listing a soldier dead simply because he was missing six months. A cablegram from General Pershing advises the systematic searching and checking of records is daily reducing the list of missing and that it is not advisable to "presume death too soon." In such cases death will be presumed only when circumstances surrounding disappearance indicate it.

## LET SICK MAN DIE

Huns Fail to Provide Medicine for Yankee.

Prisoner is Victim of Pneumonia and Is Buried With Nine Others.

Winchester, England.—Due to the fact the Germans failed to provide medicine or proper hospital facilities at Camp Tichel, West Prussia, John H. Kohl of Woodhaven, N. Y., died from pneumonia after the armistice was signed, according to Joseph R. Dennen of Trenton, N. J. Dennen was of the Six Hundred and Forty-second American Ambulance unit and likewise a prisoner at Tichel.

"Kohl of Company G, One Hundred and Sixth Infantry, was captured September 27 after twice being wounded in the knee," said Dennen. "Kohl later developed pneumonia through exposure. The Germans gave us only two blankets and a small quantity of coke for our fire. I gave Kohl one of my blankets and we put two pairs of socks on his feet and spread shirts and such extra clothing as we had on his bed to make up for the deficiency in blankets. There were two American doctors in the camp—Lieut. John S. Abbott of St. Paul, Minn., and Lieut. Joseph P. Burke of Pittsburgh, Pa.—and they did all they could, but could not obtain any medicine.

"Kohl died November 18. The Germans stripped the body and placed it in an ordinary box which they left outside the barracks for seven hours before burial. Four Americans and two Frenchmen carried him to the grave. When other Americans tried to accompany the body the guards forced them back. The American doctors, however, pushed the guards aside and ran through the cemetery gate, getting to the grave just as the coffin was lowered. Kohl was the only American to be buried in a cemetery holding 32,000 Russians and Roumanians.

"Nine Russians were buried in the one grave with Kohl. I tied an identification disk to his wrist before burial. After the burial the Germans stuck up a cross which read: 'Nine Russians, one American.'"

## THEY GOT WATER AND COFFEE

All Because One of Their Comrades Knew a Whole Lot About Mules.

Paris.—There are few people who can understand the temperamental disposition of a mule, much less cope with it. Corporal Bert L. Jennings, Jr., of the Marine corps could do both. As a consequence he and Sergeant Claude A. Miller were able to furnish an exhausted battalion of men with hot coffee and give them strength to clinch their victory in the Chateau-Thierry sector.

It was on a night near the end of the war that Jennings and Miller braved the torrent of a German barrage and drove two carts of water and hot coffee through the clouds of poison gas and bursting shells to the Second battalion of the Fifth marines, who were holding a section of Belleau wood against a terrific German counter-attack.

They brought the first load through safely and were about to return for more when a shell fragment cut the harness of one of the mules and he escaped. Jennings started in pursuit but the animal seemed to fear him and would not let him approach. Then the freckle-faced farm lad from Wisconsin realized that it was his gas mask that frightened the mule. Despite the poisonous gas heavy about him, he drew a deep breath, jerked the mask from his face and approached the animal, which immediately recognized him and submitted to control. Then he replaced his mask and the corporal and sergeant continued to carry out their perilous mission.

## GETTING POTASH FROM MARL

New Jersey Shore Farms Take Big Jump in Value Since Project Started.

Shrewsbury, N. J.—Owners of farms along the shore having marl under the soil are being offered big acreage prices for their land, it is said, by companies organized to mine the marl for the potash it contains.

The war cut off the potash supply from Germany and the quantity that was stored in this country has been exhausted. A satisfactory process has been found to extract the potash and make it cost much less than has heretofore been paid for it abroad.

Some of the farms are bringing hundreds of dollars an acre. The Charles McCue farm, near here, of 40 acres, sold for \$21,000.

## GET MORE HEAT FROM COAL

Georgia Man Has Formula Which He Says Will Get Maximum Warmth From Fuel.

Decatur, Ga.—The following formula for getting the maximum amount of heat out of coal is by L. F. Scott:

First, get the coal.

Put three pounds of soda or saleratus in four gallons of water. Dissolve and sprinkle over coal in sufficient quantity to leave same frosted, when solution evaporates.

If the coal does not now burn brighter and give off more heat there is something the matter with the soda.

## CAN YOU AFFORD

"Luxury Tax" On Finery Will Deal  
Hard Blow to Public.

Another blow aimed at the pocketbook of the spender reached its destination May 1st, when the effect of the new "luxury tax" was felt for the first time. These taxes effect many commodities and are of general "Luxury taxes" are imposed upon all sale of consumption or use and are paid by the consumer or user, when purchasing the articles. The seller is required under the new law to report the tax collected on each taxable sale.

A tax is imposed equivalent to one per cent of the price for any of the articles listed below in excess of the price specified as to each of the articles as follows:

(1) Carpets and rugs including fiber, except imported and American rugs made principally of wool, on the amount in excess of \$5 per square yard.

(2) Picture frames on the amount in excess of \$10.00 each.

(3) Trunks on the amount in excess of \$50 each.

(4) Valises, traveling bags, suit cases, hat boxes, used by travelers and fitted toilet cases, on the amount in excess of \$25 each.

(5) Purses, pocketbooks, shopping and handbags on the amount in excess of \$7.50 each.

(6) Portable lighting fixtures, including lamps of all kinds and lamp shades, on the amount in excess of \$25 each.

(7) Umbrellas, parasols and sun shades, on the amount in excess of \$4 each.

(8) Fans, on the amount in excess of \$1 each.

(9) House or smoking coats or jackets, and bath or lounging robes, on the amount in excess of \$7.50 each.

(10) Men's waistcoats, sold separately from suits, on the amount in excess of \$5 each.

(11) Women's and misses' hats, bonnets and hoods, on the amount in excess of \$15 each.

(12) Men's and boys' hats, on the amount in excess of \$5 each.

(13) Men's women's and children's boots, pumps and slippers, not including shoes or appliances made to order for any persons having crippled or deformed foot or ankle, on the amount in excess of \$10.

(15) Men's and boys' neckties and neckwear, on the amount in excess of \$2 each.

(16) Men's and boys' silk stockings or hose, on the amount in excess of \$2 per pair.

(18) Men's shirts, on the amount in excess of \$3 each.

(19) Men's women's, Misses' and boys' pajamas, night gowns and underwear, of the amount in excess of \$5 each.

(20) Kimonos, petticoats and waists, on the amount in excess of \$15 each.

These taxes do not apply to any articles enumerated in paragraph 2 to 8 inclusive if such article is made of or ornamented, mounted or fitted with precious metals or imitation thereof, or ivory, as a tax is levied upon articles so ornamented equivalent to five per cent of the price at which they are sold for consumption or use.

Further, these taxes do not apply to any article enumerated above made of fur on the hide or pelt or of which any such fur is the component material of chief value, nor do these taxes apply to liveries or jivery boots and hats, hunting and shooting garments and riding habits, as a tax is paid on all such articles equivalent to ten per cent of the price at which they are sold by the manufacturer producer or importer thereof.

#### Huge Contracts Cancelled.

Washington, D. C.—The War Department has cancelled or suspended contracts for ordnance, arms, artillery, tanks, tractors, etc., amounting to \$2,474,939,600. Contracts for these supplies outstanding at the signing of the armistice totalled \$3,572,000,000. More than a billion and a half dollars of the suspensions were accepted by contractors who are turning their plants to peace-time activities.

#### THIRD GAME

The Gracely baseball team went to Cadiz yesterday to play another game with the Cadiz team and such "ringers" as they had been able to bring together. The result of the game, while not considered much in doubt, had not been officially reported at the Kentuckian's press hour.

#### To Honor Miss Cavell.

The body of Miss Edith Cavell, the nurse executed by the Huns in 1915 for aiding prisoners to escape from Belgium, has been exhumed and taken to England and will be given a military burial in Westminster Abbey.

#### "OLD MAN" HARRIS UNDER ARREST

F. L. Harris, who advertises himself as "Old Man" Harris, owner of the Kentucky Oil Journal, promoter of the Airplane & Refining Company, and president of the Dreadnaught Oil and Refining Company, which was incorporated last week, pleaded not guilty to a charge of using the mails to promote a scheme to defraud yesterday before United States Commissioner Craft, and gave his check for the \$1,000 bond to appear for a preliminary hearing Saturday.

Postoffice Inspector W. E. Greenaway, who caused Harris' arrest was out of the city yesterday. Harris is represented by former Attorney General James Garnett.

United States officials charge that a map sent through the mails was marked by Harris with red ink pointing to what he claimed to be certain leases held by his company, and that the company did not hold these leases. He is also alleged to have advertised by printed matter sent through the mails that there was no promotion stock issued, whereas Government officials assert that the promotion stock was issued.—Courier-Journal.

#### Plant More Vegetables.

Washington, D. C.—The National War Garden Commission is making an appeal to the American people to plant more vegetables to make up for the loss here and there of fruit due to the spring cold waves. "With probable losses in fruit for canning, gardeners must look ahead for next winter and plant more vegetables so that the supply for canning may be increased," says the appeal.

#### Dance At Elks.

A delightful dance was enjoyed last night at the Elks' Club by the many young people who attended.

There were many visitors from neighboring towns also, who came over for the dance.

Smith's famous Saxophone orchestra furnished delightful music for the occasion.
